**Statement Concerning Procedures Ensuring Compliance with CPNI Rules**

The operating procedures of **Plains Communication Services, LLC** (Form 499 Filer ID No. 825768) (the Company) ensure that the Company complies with Part 64, section 2001 *et seq.* of the FCC rules governing the use of Customer Proprietary Network Information ("CPNI").

The Company has established a system by which the status of a customer's approval for the use of CPNI can be clearly established prior to the use of CPNI. The Company relies on the involvement of its supervisor/management to ensure that no use of CPNI is made without review of applicable rules and law.

The Company trains its personnel regarding when they are authorized to use CPNI, as well as when they are not authorized to use CPNI. Personnel must sign a verification form stating they have completed training and understand that any infraction of the CPNI procedures can result in disciplinary action being taken against them.

The Company has an express disciplinary process in place for personnel who create or are involved in an infraction of the CPNI rules and the Company's CPNI Operating Procedures.

The Company maintains records of its own sales and marketing campaigns via a log. These records include a description of each campaign, the specific CPNI used in the campaign, and the products and services that were offered as a part of the campaign. The Company has a supervisory review process for all outbound marketing. The marketing campaign log requires a supervisor to review, sign and date the log. These records are maintained for a minimum of one year.

The Company takes its statutory responsibility to protect its customers' CPNI seriously and therefore does not sell, rent, or otherwise disclose customers' CPNI to other entities. Further, Plains Cooperative Telephone Association does not currently use, nor allow its affiliates to use, any customers' CPNI in marketing activities. Any request for CPNI is immediately forwarded to D. Kevin Felty, the General Manager of Plains Cooperative Telephone Association and Plains Communication Services, LLC. Plains Cooperative Telephone Association/Plains Communication Services employees have been educated about CPNI, federal regulations and Plains Cooperative Telephone Association's statutory responsibility to its customers. Any unauthorized use, sale, or otherwise disclosure of CPNI by any employee would subject the employee to disciplinary action, up to and including immediate dismissal. Further, Plains Cooperative Telephone Association does not use, disclose, or permit access to customers' CPNI for the purposes of identifying customers placing calls to competing carriers.

The Company requires that customers be authenticated at the beginning of all customer initiated calls, online transactions, or in-store visit. In store visits require a valid photo ID.

The Company maintains a log of unauthorized use of CPNI, where law enforcement is required to be notified. This includes the date of discovery, notification to law enforcement, description of the breach, circumstances of the breach and a supervisor's signature and date. This log is maintained for a minimum of two years.
